

CareerScope® Summary Report

987

LEE GORDON

3/14/2007

INTEREST RESULTS

The table below reports and displays the percentage of "LIKE" responses that you recorded for each of the twelve Interest Areas. The dark vertical line in the chart is your average percentage of "LIKE" responses (34%) across all twelve Interest Areas.

Interest Area	% Like	
01 Artistic	21	
02 Scientific	85	
03 Plants/Animals	36	
04 Protective	17	
05 Mechanical	17	
06 Industrial	8	
07 Business Detail	33	
08 Selling	40	
09 Accommodating	30	
10 Humanitarian	73	
11 Leading/Influencing	29	
12 Physical Performing	20	

The following Interest Areas, listed in order of your preference, stand out significantly above your average level of interest:

Scientific and Humanitarian.

APTITUDE RESULTS

The graph below reports and displays your aptitudes as standard scores and as percentile scores. An aptitude score of 100 is exactly average. Scores between 80 and 120 can be thought of as "in the average range." Percentile (%tile) scores report the percentage of people who score below you. The graph displays your relative strengths.

Aptitude	Score	%tile	Average Range
General Learning Ability	105	60	
Verbal Aptitude	95	40	
Numerical Aptitude	101	52	
Spatial Aptitude	94	38	
Form Perception	112	73	
Clerical Perception	113	74	
•Motor Coordination	100	50	
•Finger Dexterity	100	50	
•Manual Dexterity	100	50	

--- Score can not be calculated

•Your aptitude profile may include Motor Coordination, Finger Dexterity and Manual Dexterity scores. The sources of these scores are listed below. If "Counselor" is listed as the source of information, an assumption has been made regarding the score. If "None" is listed as the source, the performance factor will not be considered when making Work Group recommendations. Motor Coordination: COUNSELOR; Finger Dexterity: COUNSELOR; Manual Dexterity: COUNSELOR.

RECOMMENDATIONS

The U.S. Department of Education has organized career preparation programs into sixteen large Clusters. The Clusters are then divided into Career Pathways. All occupational specialty programs within a specific Career Pathway require a common set of basic skills (i.e., reading, writing, mathematics, computer skills, etc.) as well as a common set of technical skills and knowledge.

CareerScope has analyzed your results to identify those Clusters and Pathways that are aligned with your interest and aptitude profiles. These are the Clusters and Pathways that offer the greatest opportunities for you and should be explored further.

The Clusters that are aligned with your interest and aptitude profiles are: **Education and Training; Health Science; and Human Services.**

The table on the next page reports a rank for each cluster that is relevant for you. If there is a "1" next to a Cluster name, this is the most relevant cluster based upon your assessment profile. Pathways are listed beneath each Cluster. If you see a "♦" next to a Pathway name it means that your interest and aptitude results align with a higher percentage of career specialties within that Pathway.

The % column reports the percentage of career specialties within the Pathway that align with your assessment profile. (For instance, if the number in the % column is 20%, your CareerScope Interest & Aptitude profiles are aligned with 20% of the career specialties in that Pathway.) Your average Pathway percentage across all 77 pathways, based upon your Interest and Aptitude results is 8.3%.

When using this report, be sure to:

- Review all of the information in this report and then gather additional information about the Career Clusters and Pathways that emphasize your learning capacities and your interests.
- Remember, your assessment outcomes can change as a result of development, learning and motivation

Results based on Interest Only would generate recommendations
 Results based on Aptitude Only would generate recommendations
